Subject: - Los Angeles County 5-Year Comprehensive Economic Development Strategy (CEDs)

Dear Mr. Barbour:

The Los Angeles Office of the Economic Development Administration (EDA) has reviewed the "Comprehensive Economic Development Strategy 2020-2025" (CEDs) submitted for the Los Angeles County. This letter serves as your record of EDA's approval of above mentioned CEDs document.

This CEDs has been approved for the 5-year period of November 1, 2020 through October 31, 2025. You are responsible for updating this document on an annual basis, if needed, in order to maintain your CEDs active. An annual update should be submitted and approved by our office by October 31, 2021.

Potential projects covered by the CEDs would be eligible for EDA support until that time. However, there is no guarantee that a proposed project will be financially supported by EDA. You may review "CEDs Summary of Requirements" from the EDA web site. If you have any questions or comments, please do not hesitate to contact our office.

Sincerely,

A handwritten signature in black ink that reads "Wilfred L. Marshall".

Wilfred L. Marshall  
Economic Development Representative
